OFFICE OF THE SURGEON GENERAL
WITH THE GOVERNMENT OF BOMBAY :
Bombay, 22nd March 1939.

From

MAJOR-GENERAL H. C. BUCKLEY, M.D., F.R.C.S.E., K.H.P., I.M.S.,
Surgeon-General with the Government of Bombay,
Bombay No. 1 ;

To

THE SECRETARY TO GOVERNMENT,
General Department,
Bombay.

SUBJECT.—*Annual Report on Mental Hospitals in the Province of Bombay for the year* 1938.

Sir,

I have the honour to submit the Annual Report on Mental Hospitals in the Bombay Province for the year 1938.

BUILDINGS.

2. *Major Works.*—During the year 1938, an amount of Rs. 15,000 was provided for completion of the scheme of providing additional accommodation for patients at the Central Mental Hospital, Yeravda. The work was in progress since 1937 and the new buildings have now been completed.

The work of expansion of the Mental Hospitals at Ahmedabad and Dharwar, has also been completed.

Minor Works.—Minor works costing about Rs. 11,212 were sanctioned at the various Mental Hospitals, chief of them being the construction of quarters for two clerks and two compounders at the Central Mental Hospital, Yeravda (Rs. 7,131) and improvements to the sanitary arrangements at the N. M. Mental Hospital, Naupada, Thana, (Rs. 2,426).

The buildings of the various Mental Hospitals have been kept in good condition, the requisite repairs having been carried out by the Public Works Department.

Water Supply.

3. Except at the Mental Hospitals at Ratnagiri and Dharwar, the water supply had been wholesome and sufficient. At Ratnagiri the supply of drinking water from pipes, two wells, as well as from the artisan well bored last year, was good but insufficient. The scarcity was very keenly felt towards the close of the summer (April and May). At Dharwar, the municipal water supply is neither sufficient nor fit for drinking purposes. Water from tube well is used for drinking. The hospital garden is supplied partly with water brought from outside by the hospital cart.

Accommodation.

4. Throughout the year under report, the overcrowding at all the Mental Hospitals continued as can be seen from the sub-joined table showing accommodation and population in January 1939 :—

Mental Hospitals.	Accommodation in 1st week of January 1939.			Population in 1st week of January 1939.			Remarks.
	Male.	Female	Total.	Male.	Female	Total.	
Thana ..	240	78	318	294	147	441	
Ratnagiri ..	134	42	176	150	39	189	
Yeravda ..	627	350	977	770	473	1,243	
Dharwar ..	138	61	199*	161	55	216	*Inclusive of the additional accommodation provided.
Ahmedabad ..	206	61	267*	219	81	300	
Total ..	1,345	592	1,937	1,594	795	2,389	

Taking into account the additional accommodation of 250 beds at the Central Mental Hospital, Yeravda, which will be available when the existing buildings hitherto used for kitchens, dining rooms, occupational therapy, etc., are converted into wards or dormitories, the total accommodation available will be 2,187 against a population of 2,389. To meet the excess population, proposals for further increase in the accommodation are under the consideration of Government.

N. M. Mental Hospital, Naupada, Thana.

5. The question of moving the Mental Hospital, Thana, to the military lines at Santa Cruz was abandoned as it involved a very heavy outlay and meant inordinate delay. Instead, it is decided to improve the existing sanitary conditions of the present hospital by suitable

additions and alterations. To begin with Government has administratively approved the construction of the following at an estimated cost of Rs. 77,575 :—

(1) three blocks each for 24 female patients;

(2) a compound wall;

(3) sewage with septic tank.

The scheme for remodelling the whole hospital is also being considered.

Staff.

6. On account of the continued increase in the number of patients at the Central Mental Hospital, Yeravda, the existing staff at the hospital is found insufficient to cope with the work. Additional staff has been recently sanctioned for the Hospital.

7. Government has recently sanctioned the post of 2nd Honorary Physician at the Mental Hospital, Thana.

Employment and Amusements.

8. *Employment.*—The employment of suitable patients on such works as gardening, weaving, tailoring, carpentry, preparing coir mats, etc., and helping in the domestic duties (such as cooking, sweeping, etc.) connected with Mental Hospitals, continued as usual.

9. *Amusements.*—Indoor and out-door games such as ping-pong, carrom, cards, cricket, foot-ball, volley ball, tennis, badminton were played by patients with great interest in appropriate seasons. Sweets were distributed to them on festival days. An amount of Rs. 2,372 was expended on the amusements and recreation of patients.

Visitors.

10. The official visitors at all the Mental Hospitals were regular in their attendance and the remarks passed by them were satisfactory.

General.

11. There was no provision in the Indian Lunacy Act, 1912, under which patients detained in Mental Hospitals could be temporarily released and placed in charge of their relatives and friends, with a view to find out their progress towards recovery and capacity to adjust themselves to usual environments. With a view to removing this lacuna in the Act, the requisite provision has been made by adding Section 33-A to the Act.

12. The scheme for the provision of special accommodation and facilities for patients, who are prepared to pay for such additional amenities, introduced last year at the Central Mental Hospital, Yeravda, as an experimental measure has proved a success. Sanction has therefore been accorded to its continuance for a further period of one year.

13. The opening ceremony of the "New Extension" at the Central Mental Hospital, Yeravda, was performed by the Honourable Dr. M. D. D. Gilder, M.D. (Lond.), F.R.C.S.(Eng.), F.C.P.S., L.M. & S., Minister of Health, on 23rd December 1938.

STATEMENT No. I.

14. *Population.*—The sub-joined table shows the admissions, population and daily average strength of patients in the Mental Hospitals during the year under report and the previous year :—

	1937			1938		
	Male.	Female	Total.	Male.	Female	Total.
Total admissions	685	251	936	658	261	919*
Total population	2,087	950	3,037	2,162	1,017	3,179
Daily average strength ..	1,459·0	731·7	2,190·7	1,553·0	766·5	2,319·5

It will be seen from the above figures that the population at the Mental Hospitals is increasing annually in spite of the restriction on admission.

15. *Discharges and cures.*—During the year 1938, 351 patients were discharged as "cured", 136 as "improved", 92 as "not improved" and 42 discharged "Otherwise". The ratio of "cured" to the daily average strength was 15·1 as against 14·7 during 1937.

16. *Sickness and Mortality.*—The daily average number of sick treated in Mental Hospitals was 108·5 against 69·8. The percentage of sickness to the daily average strength was 4·6 against 3·2 in 1937. This slight increase does not call for any special remarks. The health of the patients was generally good.

17. During the year under report, total deaths at Mental Hospitals numbered 195 against 171 in the previous year. The ratio of deaths percentage to the daily average strength was 8·4 against 7·8 in 1937. The following table gives the ratio of deaths percentage to the daily

*Of the 934 21 male and 13 females were re-admitted.

average strength at the various Mental Hospitals during 1938 and the previous year :—

	1937			1938		
	Male.	Female.	Total.	Male.	Female.	Total.
Thana	13·5	10·3	12·4	8·1	6·1	7·4
Ratnagiri	3·4	9·1	4·7	1·3	4·8	2·1
Yeravda E.	5·2	3·6	4·6	2·1	3·6	2·6
Yeravda I.	7·9	5·5	7·0	10·05	8·05	9·3
Dharwar	1·3	3·6	1·9	8·2	11·1	8·9
Ahmedabad	11·2	12·9	11·6	13·2	13·8	13·4
Total ..	8·2	7·1	7·8	8·6	7·9	8·4

The chief causes of deaths among the patients were syncope, dysentery, pneumonia, status epilepticus, tuberculosis, myocarditis, anæmia phthisis, etc.

STATEMENT No. II.

18. In the year 1938, 378 cases were observed at the various Mental Hospitals. Of these 299 were certified and admitted and 61 released as uncertifiable.

STATEMENT No. III.—*Criminal Insanes.*

19. The total number of criminal insanes confined in Mental Hospitals was 165 (151 males and 14 females), with a daily average strength of 97·2. Of these 105 were admitted under Section 466 of the Criminal Procedure Code, 18 under Section 471 (*ibid*) and 42 under Section 30 (1) of the Prisoner's Act, 1900.

STATEMENT No. IV.—*Religion.*

20. Of the total number of patients (919) admitted for treatment during the year under report, 598 were Hindus, 176 Mohomedans, 17 Europeans and Anglo-Indians, 49 Indian Christians and 79 belonged to other castes.

STATEMENT No. V.—*Ages of Insanes admitted.*

21. The ages of insanes admitted for treatment were as shown below :—

	Number of insanes.
Below 20 years	59
Between 20 and 40 years	663
Between 40 and 60 years	169
Upwards of 60 years	28
Total ..	919

STATEMENT No. VI.—*Forms of Mental Disorder.*

22. The principal forms of Mental Disorder treated during the year 1938, were :—

	Number of cases.
Mania	636
Melancholia	562
Schizophrenia including Dementia Præcox.	414
Manic Depressive Insanity	323
Mental Deficiency	218
Paronoia	197
Canabis Indica Psychosis	191

STATEMENT No. VII.—*Probable causes of Insanity among patients.*

23. The principal pre-disposing and exciting causes among patients were :—

Mental stress	425
Toxins	192
Physical	104
Hereditary Predisposition	114
Bodily illness	65
Epilepsy	60

STATEMENT No. VIII—*Cash Accounts.*

24. *Receipts.*—During the year 1938, the receipts from paying patients amounted to Rs. 2,09,727 against Rs. 2,00,055 in the previous year. The increase is due to the increase in the number of patients and to the provision of special accommodation and facilities at the Central Mental Hospital, Yeravda, for well-to-do patients who are prepared to pay at the higher rates for special amenities. The value of stores received from the manufacturing departments less cost of raw materials, was Rs. 24,542, and miscellaneous receipts amounted to Rs. 2,040. The total receipts under the three heads amounted to Rs. 2,36,309 against Rs. 2,24,092 in 1937.

25. *Expenditure.*—The gross expenditure for maintaining the Mental Hospitals amounted to Rs. 9,64,161 against Rs. 9,11,806 in 1937. Deducting the receipts from the actual expenditure, the net cost to Government was Rs. 4,91,543 against Rs. 4,63,622. The increase in expenditure was due to increase in the number of patients and higher cost of articles of diet owing to unfavourable contract rates.

26. The following table shows the cost per patient per annum of the daily average strength in the Mental Hospitals during the year under report and the preceding year :—

Mental Hospitals.	1937*	1938*	Remarks.
	Rs.	Rs.	
Thana	248	270	
Ratnagiri	185	183	
Yeravda	329	348	Admits European patients also.
Dharwar	160	155	
Ahmedabad	169	173	

*The amounts spent on original works (Major and Minor) at the Mental Hospitals are excluded from the expenditure, in calculating the cost per patient per annum.

27. A summarised report of the Central Mental Hospital, Yeravda, is printed as an appendix.

I have the honour to be,

Sir,

Your most obedient servant,

(Signed) H. C. BUCKLEY,
Major-General, I.M.S.,
Surgeon General with the Government of Bombay.

Annual Report of the Central Mental Hospital, Yeravda, for the year 1938.

Administration.

Captain W. W. Laughland, I.M.S., officiated as Superintendent from 1st January to 2nd June and I was able to resume my permanent appointment on return from leave on the 3rd June.

Accommodation and Population.

On the 1st January 1938, there were 1,131 patients compared with 1,041 patients on the same date of the previous year.

The daily average number in residence was 1,195 as against 1,093 for the year 1937.

A semi-permanent building for 80 patients was provided in the year at a cost of Rs. 7,718 bringing our accommodation figure to 977. The number in residence on the 31st December was 1,232.

Work on the Major Scheme is almost completed and the opening of the "New Extension" was performed by the Honourable Dr. M. D. D. Gilder, M.D. (Lond.), F.R.C.S. (Eng.), F.C.P.S., L.M. & S., Minister of Health on Friday, the 23rd December 1938, at 4-45 p.m. The "New Extension" provides spacious and modern kitchens, dining rooms and occupational therapy rooms and the buildings which we have used hitherto for such purposes when converted into wards or dormitories will provide additional accommodation for 250 patients.

The total Hospital accommodation will then be 1,227.

Admissions.

Admissions during the year were 356 males and 175 females, a total of 531 as against 487 for the previous year.

Of these admissions, 19 were Voluntary Boarders and 14 were re-admissions.

The total number of patients treated during the year was 1,662.

Of the patients discharged from Hospital during the year, 195 patients were considered as "recovered", 60 as "improved", 47 as "not improved" and 27 as "otherwise". The last group includes two male patients transferred to the Mental Hospital at Chimbel, Goa, and one female patient transferred to the Mental Hospital, Calicut.

There were 101 deaths during the year. The death rate, worked out as a percentage of the average number in daily residence, was 8·45. 49 seriously ill cases were admitted. Of these 12 died within 18 days of admission. 15 cases were residents for varying periods from 6 to 29 years. The general health of the Hospital was good. There was no epidemic disease during the year.

Special facilities.

This scheme continues to be appreciated. Unfortunately we are not in a position to satisfy all the demands for better accommodation owing to the lack of suitable buildings sited away from the remainder of the Hospital.

Occupational Therapy.

Every endeavour is made to occupy as many patients as possible under the existing facilities. When we have taken over our new buildings we shall have ample opportunity to occupy all but the infirm and the sick, making the best use of our limited staff.

Recreation.

The monthly dance throughout the year has been successful. In addition there is a social evening every week. Many of the patients are sent out for drives, to Church and to the Cinema. The Toc H variety Troupe of Poona have staged two concerts for our benefit and through private generosity we have been able to exhibit conjurers, illusionists and other special entertainments for the delectation of our patients.

All Games are regularly played in their appropriate seasons by the patients and the staff and two wireless sets have operated satisfactorily for short periods of time throughout the year.

Staff.

The quota of staff sanctioned by Government Resolution, General Department, No. 4192, dated 31st July 1936 together with the existing staff is now found insufficient for our purposes owing to the continued increase in the number of patients. Additional staff has therefore been sanctioned recently, for a period of one year in the first instance.

Four new quarters are nearing completion but this will only relieve our present requirements so far as the clerical staff is concerned and makes no provision for future necessities.

The present staff of servants numbers 235 for whom 187 quarters are available. 59 additional servants have been sanctioned recently for a period of one year in the first instance to bring us up to the scale laid down by Government. Provision has also been made in the budget estimates for 1939-40 for the construction of 48 quarters administratively approved under Government Resolution, General Department, No. 2163/33, dated 17th November 1937.

Finance.

The total receipts during 1938 were Rs. 6,50,325 as against Rs. 5,91,104 for 1937. The amount received from paying patients was Rs. 1,45,796. The increased expenditure has been due to the increase in the number of patients, to the higher cost of articles chargeable to the diet grant owing to unfavourable contract rates and to increased expenditure on clothing owing to lack of replacements in the previous year. There has also been an increase under the heading Establishment Charges.

Acknowledgments.

We express our thanks to Mr. A. C. Patel, Proprietor, West End Theatre and to the Manager, Western Indian Theatres, Ltd., Poona, for allowing our patients to attend three performances a week free of charge.

(Signed) E. C. A. SMITH,
Lt.-Col., I.M.S.,
Superintendent,
Central Mental Hospital, Yeravda.
